Patient Referral Summary

For patients with extensive records, it is helpful to have a summary of the pet's dermatologic history.

Pet: _____ Owner: _____ Canine / Feline Age _____

Referring veterinarian / clinic _____

Would you like us to email, fax or mail our findings to you? (List address for email)

What are the pet's primary problems (e.g., pruritus, recurrent pyoderma, alopecia, etc)

How long have you been treating these problems?

Is there any seasonality to the problems/visits? _____

Have you prescribed a restricted diet? _____ Which one(s) and when ?

Please list medications prescribed for the problems including ear meds, shampoos, antihistamines, fatty acids, etc. Attach addition sheet if necessary.

Medication	Dose	When rx'd	Duration

Please remember to include any pertinent lab work. Thank you!
